Empowered Access Control

IPAC, with **LiftMaster Cloud,**™ is an easy-to-use guest and resident access management solution allowing users to work more efficiently. With 24/7 remote access, users have the power to instantly monitor and manage the property from anywhere.

INCLUDED:

Passport Credential Access Receiver
(PPWR)

LiftMaster®

IPAC: A Robust Solution that Empowers and Exceeds Customer Expectations

The First Internet-Enabled outdoor access control system with Voice over Internet Protocol (VoIP)

Aircraft Aluminum Alloy Front Panel is rust-, scratch- and dent-resistant

Weathertight Construction (IP65 rated) is built to withstand the elements and demands of everyday use

Endures -20°F to 130°F, providing year-round protection

Intuitive, 10" Touchscreen Interface is easy to use by both residents and guests

Full On-Screen Keyboard lets guests quickly find a resident's name without scrolling

Anti-Glare, Reflective Coating and Auto-Dimming allow easy readability in any light

Durable Protective Screen survives constant use while maintaining its responsiveness and readability

Door Controller: Expand Your IPAC Solution

Internet Protocol Door Controller (IPACIPDCC)
Manage additional access points with LiftMaster's plug and play Cloud-supported access Door Controller. When each Door Controller is connected to the LiftMaster Cloud™ via DSL or high-speed internet, it allows credentialed management of two entrances.

Add to Your System

Camera Kit (IPACCAMK)

High-performance CCTV camera for applications requiring visual monitoring.

HID ProxPoint Plus 6005 RFID Reader (SNARHIDPOINT)

Proximity reader provides multiple configuration options and is both sleek and inconspicuous.

Postal Lock (IPACPLB)

Meets postal requirements while offering flexibility for right- or left-sided installations.

LiftMaster Cloud™

**Access Control Management for the IPAC and IPACIPDCC**

Instantly manage all of your access points using the LiftMaster Cloud™ via DSL or high-speed internet.

Work More Efficiently

- Make updates remotely 24/7 (no software to install), so you never have to take an IPAC offline
- VoIP technology eliminates long-distance fees and replaces old analog phone lines

Unlimited Expansion

- Network as many gates and doors as required
- Remotely manage multiple sites from a single login
- Customizable admin permission levels

IPAC Retrofit Trim Ring (IPACRTR)

Makes installation easy when replacing both flush mount Infinity L and ICON 26 models.

IPAC Trim Kit (IPACTRK)

Paintable faceplate and shroud permit color customization. Metal shroud ensures screen visibility even in direct sunlight.

IPAC Keypad (IPACKEY)

For customers needing multiple keypad options, this external keypad can be mounted on IPAC.
